JOHN BURKHARD

Web Development Manager

PROFILE

I help companies build their digital business by focusing on their relationship with technology through needs assessment, software selection, strategy, and web development.

EXPERIENCE

Travel Tripper – New York, NY – Web Development Manager

MARCH 2017 – PRESENT

- Directly manage a team of software engineers in the US and India.
- Developed a web framework that is being used as the foundation for all Travel Tripper websites and Express Suite, a SaaS platform.
- Researched and implemented processes to ensure that Travel Tripper websites meet WCAG 2.0 AA compliance. Implemented continuous accessibility monitoring as a part of this initiative.
- Worked with team members to redefine project development processes, from initial scoping, design and development to code review, QA and deployment.

Freelance – Full Stack Web Developer

JANUARY 2010 – MARCH 2017

- Designed and developed websites for clients based on their exact specifications.
- Provided training, education and support for each individual client to ensure their experience was outstanding.

EDUCATION

Treehouse – Full Stack Web Development, Software Engineering

2012 – 2016

Washington State University – Computer Science

2001 – 2003
